

IAEA Guidance on the Import and Export of Radioactive Sources

List of Points of Contact

The '[Code of Conduct on the Safety and Security of Radioactive Sources](#)' (the Code), in paragraphs 23-29, contains guidance concerning the import and export of Category 1 and 2 radioactive sources. In this connection, IAEA Member States developed the legally non-binding '[Guidance on the Import and Export of Radioactive Sources](#)' (the Guidance) to provide supplementary guidance on the implementation of those provisions of the Code. Paragraph 4 of the Guidance states "*Each State should nominate a point of contact, which could be a person or a position, for the purpose of facilitating the export and/or import of radioactive sources in accordance with the Code and this Guidance. If more than one point of contact is designated by a State, the State should indicate which point of contact should be contacted under which circumstances. States should provide the details of these points of contact to the IAEA.*"

Additions and amendments to this list of national contact points should be sent to IAEA through the normal official channels, marked for the attention of Mr Ronald Pacheco Jimenez (contact details are given below).

Comments or questions can be sent to:

Mr Ronald Pacheco Jimenez
Division of Radiation, Transport and Waste Safety
Department of Nuclear Safety and Security
International Atomic Energy Agency
Wagramerstrasse 5 PO Box 100
A-1400, Vienna, Austria
Tel: +43 1 2600 24272
Fax: +43 1 2600 7 24272
Email: R.Pacheco.jimenez@iaea.org

NOTE: In the interests of facilitating international harmonization, many States have made a political commitment to implement the Code and the Guidance. States that have not yet made such a commitment can do so by writing to the IAEA Director General, as encouraged in General Conference Resolutions [GC\(47\)/RES/7B](#) and [GC\(48\)/Res/10.D](#)

Afghanistan

Mr Mohammad Abubakar Storai

Afghan Atomic Energy High Commission
Near Silo-e-Markaz
